

The Employee Wellbeing Service is a subsidiary of the **Gloucestershire Counselling Service** and provides counselling for the staff of organisations in and around Gloucestershire.

Counselling provides a safe and confidential place to turn for employees in distress, somewhere they can express themselves and explore problems with an experienced professional.

Our Employee Wellbeing Service (EWS) enables fast access to qualified and experienced counsellors who provide face-to-face, short-term solution-focused counselling - an approach used effectively to treat a wide range of issues such as:

- Stress
- Bullying
- Racial and sexual harassment
- Financial problems
- Bereavement
- Domestic violence
- Redundancy

This helps organisations to:

- Reduce absenteeism
- Enhance productivity
- Alleviate stress
- Boost staff morale
- Free up management time

Organisations interested in finding out more about EWS can ring us on 01453 766310 or e-mail Denise Kilgannon at Denise.K@gloscounselling.org.uk

Employee Wellbeing Service
Helping People Thrive
Not Just Survive

The Employee Wellbeing Service (EWS) is part of Gloucestershire Counselling Service and offers face-to-face (F2F) counselling to local workforces

Organisations using EWS include local authorities, commercial businesses, charities, schools and colleges

How EWS Works

- We sign a service level agreement with you giving you access to F2F counselling for your staff on a pay-as-you-go basis
- We help you introduce EWS to your organisation and support you in how and when to use the service
- We supply flyers for staff giving service information and instructions on how to register
- We move quickly to match people with a counsellor, normally within 2-3 working days of registration

No upfront fees, annual retainers or ongoing per capita charges

We take pride in providing a high quality and confidential workplace counselling service that makes a real difference to those who use it

"Extremely valuable service for both our business and employees. Would highly recommend!"
